Vidyut Karmachari Sanyunta Sangharsh Samiti said the decision to privatise the discom is in violation of the agreement signed in the presence of the energy minister and Sangharsh Samiti on April 5, 2018, in which the government had said that no move to privatise the power sector would be taken without first taking the power employees into confidence.

Urging the chairman of UPPCL to review the failures of the privatisation and franchisee experiments conducted in the past, Shailendra Dubey, the convener of the Samiti said, "When the Uttar Pradesh State Electricity Council (UPSEB) was disbanded in 2000, the annual loss was just ₹77 crore. But due to mismanagement and wrong policies of the government after the dissolution, this deficit has now ballooned to more than ₹95,000 crore. Similarly, the experiments with privatisation in Greater Noida and franchisee model in Agra have also proved to be a complete failure. The question arises as to why these failed experiments are once again being imposed on Purvanchal Vidyut Vitran Nigam," he said.

Sonia to remain interim president, AICC meet in 4-6 months to elect new chief

MANOJ C G
New Delhi, August 24

AFTER A SEVEN-HOUR-long stormy meeting of its Working Committee on Monday, the Congress is learnt to have decided to set up a committee to assist party president Sonia Gandhi to look into the issues raised by 23 senior leaders in a letter to her earlier this month. While Sonia will continue as interim party president for now, an AICC session will be convened in the next four to six months to elect a new president.

As first reported by *The Indian Express* on Sunday, the unprecedented letter sought far-reaching changes in the way the party is being run, including a "full time and effective leadership" which is both "visible" and "active" in the field; elections to the CWC; and the urgent establishment of an "institutional leadership mechanism" to "collectively" guide the party's revival.

The CWC meeting, held via video conference, came against the backdrop of Sonia's tactical signal on Sunday that she was not keen to continue as the interim president. The meeting turned into a vote of confidence in her leadership as well as the party's faith in the Nehru-Gandhi family. Member after member is learnt to have pledged his/her loyalty to them. After Sonia conveyed at the outset that she was unwilling to continue, many asked Rahul Gandhi to take over.

Among those present at the meeting were four of the 23 who had signed the letter against the backdrop of Sonia's tactical signal on Sunday that she was not keen to continue as the interim president. The meeting turned into a vote of confidence in her leadership as well as the party's faith in the Nehru-Gandhi family. Member after member is learnt to have pledged his/her loyalty to them. After Sonia conveyed at the outset that she was unwilling to continue, many asked Rahul Gandhi to take over.

Toll collections reach 85% of pre-Covid level in July: Icr

PRESS TRUST OF INDIA
New Delhi, August 24

TOLL COLLECTIONS ON highways are on the road to recovery, reaching 85% of the pre-Covid levels in July and if the trend continues the reduction in collections could be below 10% in 2020-21, rating agency Icr said on Monday.

It said there were encouraging trends in traffic in July and about 65% of Icr rated toll road projects have debt service coverage ratio equal to or greater than one quarter of debt obligation and are resilient enough to absorb the Covid-induced revenue shock.

"Overall, the traffic in 4M FY2021 has rebounded quite well, which is encouraging. This is also corroborated by the way bills generated. This pace of recovery, if sustained, the overall reduction in toll collections for national highway projects could be less than 10% in FY2021, Icr said in a statement.

Post the resumption of tolling on national highways from April 20, the movement of commercial vehicles picked up at significant pace over the last three months and reached near 90% of the pre-Covid levels.

However, the movement in passenger vehicles is yet to recover fully, it said.

The unabated rise in coronavirus infections in the unlock phase, localised reimposition of lockdowns in several states, and heavy monsoons in many parts of the country had interrupted this recovery in the first fortnight of July, the rating agency said, adding that nevertheless, toll collections reached 87% of the pre-Covid levels in the second fortnight of the month.

Majority of the national highway stretches being arterial routes have 70-75% of toll collections from commercial vehicles; passenger vehicles account for less than a quarter of toll collections. While 90% of commercial vehicles are back on roads, passenger vehicle movement is less than 60% of pre-Covid levels, said Rajeshwar Bura, vice president, corporate ratings, Icr.

The rating agency said the sample considered for the analysis is spread across 11 states with Tamil Nadu, Rajasthan, Maharashtra and Telangana accounting for 63% of the total sample.

The localised lockdowns imposed in Tamil Nadu and Maharashtra adversely affected the toll collections for stretches located in these states in July (reported 65-75% of pre-Covid levels). Excluding these stretches, the other entities in the sample reported around 90% of pre-Covid collections in July.

Around 85% of Icr rated toll road projects (excluding default category credits) have debt service coverage (liquidity buffer) greater than or equal to one quarter of debt obligation (including principal and interest) and are resilient enough to absorb the Covid-induced revenue shock, Bura added.

Tax non-virginia tobacco to earn ₹40k cr revenue: NGO to Centre

PRESS TRUST OF INDIA
Gwahati, August 24

AN NGO ON Monday appealed to the Centre to regulate the smokeless tobacco sector and said imposing "suitable" tax on such products will fetch an additional revenue to the tune of ₹40,000 crore annually.

The NGO Shram has already written to the Union finance minister Nirmala Sitharaman and health minister Harsh Vardhan on the issue urging to control the sector keeping in mind public health.

It requested both the Union ministers to regulate the unorganised manufacturing, distribution and sale of smokeless and other non-virginia tobacco in India to curtail its widespread consumption, protecting the health of citizens and bring it under a taxation structure, Shram said.

The smokeless or non-virginia tobacco is used in the manufacture of chewing varieties of tobacco, hookah, gutka, kism, gudaku, zarda, pan masala variants and bidis that are dangerous in the context of the Covid-19 pandemic as they need to be spat out after consumption, Shram said. The need of the hour lies in putting in place the government taking into account this crisis and introduce policies and laws to regulate and ensure legally traded smoking of tobacco and its products.

Covid-19 tally in India breaches 31-lakh mark

PRESS TRUST OF INDIA
New Delhi, August 24

A SINGLE-DAY spike of 61,408 Covid cases took India's virus caseload past the 31-lakh mark on Monday, a day after it crossed 30 lakh, while recoveries surged to 23,38,035, pushing the recovery rate to over 75%, according to the Union health ministry.

India's Covid caseload mounted to 31,06,348, while the death toll climbed to 57,542 with 836 fatalities being reported in a span of 24 hours, the data updated at 8 am showed.

The Covid case fatality rate has declined to 1.85%, while the recovery rate has risen to 75.27%. There are 7,10,771 active cases of coronavirus in the country which

comprises 22.88% of the total caseload, the data stated. India's Covid tally had crossed the 20-lakh mark on August 7.

According to the ICMR, a cumulative total of 3,59,02,137 samples being tested up to August 23, with 6,09,917 samples being tested on Sunday.

The health ministry stressed that more than 70% of the deaths occurred due to comorbidities.

Recoveries more than 3 times the active cases

PRESS TRUST OF INDIA
New Delhi, August 24

INDIA'S COVID-19 RECOVERIES have crossed 23 lakh and are more than three times the number of active cases of the disease in the country, while the case fatality rate, maintaining a steady downward trajectory, has further dropped to 1.85%, the Union

health ministry said on Monday. With 57,469 patients having recuperated in a day, total recoveries have surged to 23,38,035, pushing the recovery rate to 75.27% as on date. They exceeded the active cases by 16,27,264. PTI
